NUCLEOTIDE NUTRITION AFFILIATE SCHEME

THE OFFER

It seemed logical to extend our natural approach to supporting your health to supporting your wealth too! We always listen and appreciate the loyalty our customers continue to show us year after year.

We have designed a loyalty scheme to say thank you which helps you grow your savings with each and every order you place. This is in addition to the multi pack offers we already provide on the Nucleotide Nutrition website.

By receiving this information guide you have already registered and been given your first 'Loyal Customer Discount Code' - Congratulations!

You will soon receive your individual website shop link on the Nucleotide Nutrition website so that you can place orders that Nucleotide Nutrition can track and log for you. As you reach pre-set thresholds new 'Loyal Customer Discount Codes' will be sent to you. Use these at checkout on your personal shop link to ensure every order counts.

The individual website shop link has been given to you for a very good reason. You may have friends, colleagues, relatives and associates who you may want to recommend to use your web shop link - whilst we would ask you to look after your codes – if you want to share them - this is your decision. Just remember – every order counts in building the savings you can make*

** the small print – please refer to terms and conditions in this guide for details on this scheme.*
